<p>Check with SLS shows that Moscow 1000, 1300, 1430, and 1600 programs in English for South Asia definitely announce a beam "for South Asia." We have been using Southeast Asia in our sourceline for years.</p> <p>Suggest we change to "SOUTH ASIA" to conform with beam announcement and BBC output.</p> <div style="text-align: right;"><input type="text"/> STAT</div> <div style="text-align: right;">SIGNATURE</div>
